A SEMI-WEEKLY PUBLICATION OF SUGGESTIONS TO THE HOUSEWIFE

Published every Tuesday and Friday in the State Journal from The Ideal Bakery, 121 West 6th Street, Topeka, Kan.

VOL. 1. MARCH 18. NO. 1.

SALUTORY.
Being in a large measure, the source of supply for the Good Things to Eat, in Topeka; and believing that many Topeka women will be intensely interested in the discussion and news of a great variety of eatables, we are going to publish a semi-weekly "MENU"—a veritable spring bubbling over with fresh, clean suggestions on "what to serve."

With this first issue, it is our object to make you acquainted with our policy and what is to follow in our publication.

This column will be devoted exclusively to live, snappy and interesting articles, pertaining to the daily MENU and suggestions on how to make it team with variety and taste.

A careful perusal of each issue will be found, not only interesting but a source of helpful suggestion.

The next issue will appear on next Tuesday, March 22.

ABOUT GREEN COLORING.
Are you afraid of it? You need not be, for the kind we use is absolutely harmless. It comes from the well known vegetable spinach which you may be serving on your table at this very meal.

REAL WHIPPED CREAM PUFFS
Can you imagine anything more luscious and appetizing? We make them fresh for Saturdays. The puffs are brown and crisp and they're filled with fresh, sweet, pure cream, whipped white and foamy. Sounds good, doesn't it? Well, they taste better. Try some of them.

PRACTICAL DEMONSTRATION
"Nearly everybody has a well-developed bump of curiosity."

"Think so?"

Now, please, don't get mad. If you do it will take some of our delicious baked beans to get you back in good humor again. We bake them ourselves, Boston Style. You get a whole quart for 10c, and they're better than any other beans you ever tasted. Aren't you curious? But, really, this is no joke, about the beans.

There are a lot of other kinds of bread, besides Weston, which you can buy for 10c—but what's the use? Some of them have wrappers on which are nearly as nice as Weston, but it's the loaf that counts. There's quality in that attractive looking package which bears the Weston Label.

HAD 200 BOGUS DOLLARS

Gang of Eight Counterfeiters Caught at Hutchinson.

Hutchinson, Kan., March 18.—A gang of counterfeiters which has been operating in Hutchinson for a year has been broken up and the dies and counterfeiting apparatus seized. Rudolph Warner, an ex-convict, and suspected of being the leader, and seven accomplices are under arrest. Warner was captured in a shack near the stock yards early Thursday morning and the other seven suspects have been picked up by the police, and government officers since that time.

The arrests were kept quiet until the entire gang was in custody.

The plaster of paris molds used in making the counterfeit dollars and the other apparatus were found hidden in

STUBBS' DAUGHTER ILL

Compelled to Cancel His Chicago Engagement.

Governor Stubbs today had to cancel his engagement to speak in Chicago at a big prohibition rally Saturday night on account of the illness of his little daughter Margaret. The governor, however, expects to fill his Chicago engagement March 26.

PLAN A BOULEVARD.

Federation of Women's Clubs Working for Driveway.

A meeting of the civic committee of the City Federation of Women's clubs was held this noon at the Commercial club, for discussing the establishment of a boulevard system here. No plan of a definite nature was presented but John Rogers who was present, was asked to outline a plan of the proposed driveway.

C. Skinner, chairman of the civic committee of the Commercial club, will be asked to call a meeting of his committee upon the completion of the plans in order that the scheme may be passed upon and possibly launched by the Commercial club.

"If we could make a beginning this afternoon," said Mr. Skinner, "it seems to me that we would be on a fair way to get a boulevard. The school children could be interested in planting trees along the boulevard on Arbor day each year."

ROW BREAKS OUT.

Old Soldiers Object to Col. Harris Bust in Memorial Building.

There was a row brewing today among the old soldiers and Secretary Martin of the State Historical society, over the propriety of placing a bust of the late Col. W. A. Harris in the new Memorial building. Secretary Martin wishes to honor the distinguished Kansan for his many and varied services to the state in civil and military life. The old soldiers employed around the state house object to this method of showing appreciation. These old soldiers have the highest appreciation for Col. Harris and his fine qualities of heart and mind, but they do not think that the bust of a Confederate soldier should be placed in a Memorial to soldiers of the union who fought in the civil war. It is not the proper thing to do, they say, in all respect to Col. Harris' memory.

The first clause of the bill making the appropriation for the new building reads something like this: "The state having on hand some \$1,000,000, a half million paid to it by the government to reimburse the state for expenses incurred in support of union soldiers during the civil war, the sum of \$400,000 of this money is hereby appropriated, etc."

There are some who will say that this is wasteful, but the bloody shirt, while others will declare that the Col. Harris bust should not be placed in the Memorial building, but should be made and placed in some other state building.

WILL GO TO AFRICA.

Rev. Johnston Myers to Determine as to Missionary Work.

Chicago, March 18.—The Rev. Johnston Myers, pastor of Manual Baptist church, is soon to leave for the heart of Africa to determine whether Baptists ought to withdraw their missionaries from that continent. He will leave on April 1 as head of a commission of three sent out by the Baptist missionaries union.

The other members are Joseph Clark, the missionary who attained prominence through his controversy with Prof. Frederick Starr over the Congo, and a Mr. Ferguson of England. The sum of \$35,000 has been voted for carrying on the work, which is to last seven months.

The party will go 1,500 miles into Congo territory and then will penetrate still farther through Sudan.

KAHN PAYS \$500,000.

Outbids J. P. Morgan for a Famous Dutch Portrait.

New York, March 18.—Half a million dollars—a record high price for a painting—was paid today for the celebrated portrait of Frans Hals, the Dutch painter, and his family, painted by himself. The purchaser was Otto Kahn, the banker, who secured the portrait from the Duvon brothers. J. P. Morgan bid between \$350,000 and \$400,000 for the picture.

THREE ARE DEAD.

Mother and Two Sons Burned to Death at Wilson.

GETS A VERDICT.

Miss Tifford Awarded \$2,300 Damages.

Jury Returns at 4:15 This Afternoon.

The jury in the Tifford-Kirkpatrick damage suit returned a verdict in favor of the plaintiff at 4:15 this afternoon. Damages awarded were \$2,300.

The agreement was reached 15 minutes earlier but delay was caused owing to absence of counsel.

"Have you agreed upon your verdict," inquired Judge Dana of the foreman of the jury.

"We have, your honor," replied the foreman.

"Mr. Clerk, announce the verdict," commanded the court.

"We, the jury, find for the plaintiff and fix damages at \$2,300," read the clerk.

The suit was the outgrowth of trouble in the Knights and Ladies of Security, a fraternal society of which W. B. Kirkpatrick is president and Dr. H. A. Warner was formerly medical director.

A fight was made on Dr. Warner by Mr. Kirkpatrick and others and part of the material used was the allegation of improper conduct with Miss Dollie Tifford of Topeka. Photographs of a hotel register were circulated, which tended to cast aspersions upon Miss Tifford, as well as Dr. Warner and other stories were also circulated.

Miss Tifford sued Mr. Kirkpatrick for \$25,000 damages and the case was given to the jury at 1:30 Thursday afternoon, after one of the hardest fought legal battles in the history of Shawnee county. Both sides were represented by brilliant lawyers.

A. P. COLLINS IS DEAD.

Former Kansas Politician Passes Away at Riverside, Cal.

Riverside, Cal., March 18.—A. P. Collins, for more than 30 years prominent in central Kansas political affairs, but for the last six years a Riverside orange grower, died last night of heart trouble. Shortly before Mr. Collins' death his daughter, Mrs. Edith C. Hagerty, was married at his bedside to John L. Bishop of Salina, Kan.

Mr. Collins was a prominent Populist in the old days when he lived in Dickinson county. He was the father-in-law of Clarence H. Matson, formerly political and editorial writer on the State Journal.

LETS HASKELL OUT.

House Committee Files Report Exonerating the Governor.

Guthrie, Okla., March 18.—Governor Charles N. Haskell was exonerated of the charge of misappropriation of state funds in a report filed in the legislature here today by the house committee, composed of five Democrats and two Republicans.

TWO COLLISIONS ON CAR LINE.

Highland Park Limited Gives Passengers a Severe Fright.

Patrons of the street railway line out to Highland Park were treated to two collisions today. One in the morning and another in the evening. The morning affair was a head-on collision between the regular car and the wrecker and occurred on Madison street between 7th and 8th streets about 7:15. The accident was due partly to the heavy fog, but according to the schedule the wrecker had no business on the street at that time. However, no damage was done aside from the wear and tear on the nerves of the passengers of the crowded car.

The accident at 8 o'clock in the evening was due to the failure of the air-brakes to work, or to the lack of air supply. Running down the incline on Madison, between Eighth and Ninth streets at nearly full speed the car hit the curve at Eighth and Madison. Passengers were thrown violently into the aisles of the car, but aside from a few bruises and scratches all escaped serious injury.

A NEW WASHINGTON MEMORIAL.

A movement has been started to secure by popular subscription the erection at the national capital of a building which shall serve a double purpose. It is intended as a memorial to the Father of His Country and to furnish a convenient meeting place for international and national gatherings for the promotion of science and art.

How much such accommodations are needed was strikingly illustrated a year ago last September. Representatives of every civilized nation in the world met in Washington to discuss methods of fighting the disease which yet causes the largest mortality in the world. The heartiness with which the invitation of America for the Tuberculosis Congress of 1909 was accepted, and the conspicuous exhibit of the spirit of humanity and brotherhood. Inability to better provide for the meeting subjected the men who are responsible until there is a humiliation which they will long remember. A repetition of the experience is now unlikely, for scientific men will not again place themselves in the same predicament. They will refrain from asking foreigners or professional brethren in this country to assemble in Washington until there is a decent prospect of permanently improved accommodations.

Dr. David Starr Jordan, the new president of the American Association for the Advancement of Science, has asked for the publication in the organ of that society of the request for subscriptions, thus evincing his interest in the project and the officers of other organizations in the country may with propriety follow his example. Since the authors of the plan aim to make the proposed

"Wayne Knit" and "Gordon Dye" Hosiery

Saturday showing of new hosiery in all weights for Spring and Summer, enlivened by a group of money saving specials. It is very important that you should share these values.

We value our hosiery trade so highly that we never deviate from our fixed policy of offering our customers only the most durable and satisfactory kinds that we can buy. "Wayne Knit Indestructible," and "Gordon Dye" are the two makes that have our highest endorsement. Hosiery bearing either of these trademarks is knit from the best quality yarns, in such a manner that the hose never lose their original perfect shapeliness, and good fit. The dyes used are pure and lasting. The test of actual service has over and over again proved the superior wearing qualities of Wayne Knit, and Gordon Dye hosiery—in all grades and weights. Moreover, these makes have the merit of being moderately priced—so that in supplying yourself for the season, you not only save money in the end because of the durability of this hosiery, but you save on the purchase price.

Order Hosiery by Mail—through our Kansas Mail Order Service. Write for prices and full information about silk hosiery. Also order your Spring weight underwear—we sell Munsing, and Forest Mill union Suits and separate garments.

The Mills Dry Goods Co.

McCull Magazines New Wash Goods

building a memorial to Washington, it will also undoubtedly interest and certainly should appeal strongly to men, women and children who are not directly associated either with science or art.—New York Tribune.

May Go to Higher Court.

Now that the supreme court has denied the U. S. Fidelity and Guaranty Co., of Baltimore a rehearing it is thought that the company will appeal to the United States supreme court. This company was the bondsman of the old First National bank and has been held liable in the district and supreme courts to pay the sum of \$90,000 to the state of Kansas due as a result of the failure of the First National several years ago.

Martin Need Not Go.

An effort was made by California officials today to secure the requisition of Henry J. Martin of Marion on a charge of obtaining money fraudulently on western land deals. Attorneys argued the case before Governor Stubbs this morning. The governor denied the requisition as it was not evident that Martin had defrauded anyone or had such intentions in his deals in western lands.

Benham—We are getting near the birthday of the man who never told a lie. Mrs. Benham—We don't need the anniversary to remind us that he is dead.—Judge.

TOM M'NEAL OBSERVES.

Points to Roll Call to Prove Insurgent Cause Is Spreading.

The news from Washington today was most encouraging to the Kansas insurgents. The revolt in the house last night was participated in by congressmen from every section of the country and it was the most serious outcry that the party regulars were very called upon to face. Speaking of the matter today Tom McNeal, insurgent candidate for congress in the First district made the following comment: "The most significant part of the affair, according to my notion, is the fact the so-called wild radicals from the west played but a small part in the revolt. I see from the roll call vote that Massachusetts, New York, Connecticut, Ohio, Illinois and Kentucky, all states east of the Mississippi river, were represented by Republican congressmen in the expression of sentiment against the speaker. I note that New York polled as many insurgent votes as Kansas. Yet Kansas is called the hot bed of insurrection while New York is referred to as the personification of conservatism. I note that Ohio had three conspirators in arms against their country and the flag. I note that California, the home of Duncan McKinlay, had a man on the firing line. I

note that in the crash of worlds and the dissolution of matter that wild-eyed Populist Kansas alone brought forth a man to raise his voice for party regularity—leader of the Sixth district. "They say that we fellows here in Kansas who are holding out for the redemption of the party pledges are Democrats and fit only for treason, stratagems and spoils. But I note that out of the forty-two Republican congressmen who 'insured' last night only two of them were from Kansas. McKinlay is needed in New York, Ohio and California as badly as in Kansas, according to the hand-painted coloring in the last roll call of the national house."

THEY CAN'T AGREE.

Conference of Regulars and Insurgents Ends.

Washington, March 18.—The house regular and insurgent Republicans, after a long conference in an effort to compromise on a rules plan, announced they were unable to reach an agreement. The conference broke up at 3:50 with several of the leaders apparently on the verge of physical collapse.

Everybody reads the State Journal.
